

The demand from the public is so great that we have agreed to perform the Life of Christ at least once more between 24th June – 29th June, 2008. This was meant to be a Millennium celebration which has become an annual event of praise and evangelisation.

This year is a slightly revised version of the same wonderful story of Jesus. I wish we could run it longer and include more of His miraculous signs but I have revised it to finish at 4pm so that the day is not too long for anybody especially the children. There are new scenes, new characters, fishing boats and animals.

Bookings can be made through the Wintershall Estate Office for individuals, families, private parties, school, church and other groups.

Please book early and take advantage of our early booking discount, reserve your coach if you are able to bring a party. We regret that in future refunds will not be possible. Please give us the names and addresses of others whom you think may be interested and please contact us if you would like posters or leaflets to help advertise the event.
