Our Remit ...

The bishops have asked us:

- To promote and evaluate methods and means of evangelisation
- To be a point of reference for new movements and organisations in the Catholic Church in England and Wales
- To be a resource for parishes, dioceses and local communities in understanding and responding to the current cultural situation
- To develop the Catholic Enquiry Office, especially by using new technology, including the internet
- To promote intellectual dialogue between the Church and contemporary culture
- To relate to other Churches on issues of mission and evangelisation, including representation on the relevant ecumenical bodies

Catholic Agency to Support Evangelisation

enthusing, engaging, equipping

We support ...

Dioceses: We work with the Bishop, his staff, his planners and all who contribute to promoting evangelisation in the local Church.

Parishes: We help those committed to evangelisation in their local communities, those who are the frontline of the Gospel in their neighbourhoods.

Schools: We support the vital role that Catholic Schools play as they communicate the teaching and ethos of a Church committed to the wellbeing and nurture of young people.

Groups: We help work with movements, communities and processes which deliver mission and evangelisation initiatives.

Individuals: We are available to advise, resource and train individuals as they live, celebrate and share the Gospel.

Enquirers: We are a 'shop-window' for the Catholic Church, presenting our faith and practice to those outside the Catholic community.
